Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes Catarrh. The cause of indigestion is the inflammation of the mucous membrane lining the stomach, and the mucous membrane is inflamed by the action of the acids of the stomach, which cause the glands to secrete much mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure relieves all inflammation of the mucous membrane lining the stomach, protects the nerves, and cures bad breath, sour eructa, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

Kodol Digests What You Eat Make the Stomach Sweet, builds up the system, cures indigestion, dyspepsia, sour eructa, bad breath, etc. The first dose, which costs 50 cents, is followed by 25 cents. Sold by R. C. Dr. & Co., Chicago, Ill.

WILSON TO SPEAK HERE

The Republican Candidate For Governor to Speak Here on October 28.

The county campaign committee has succeeded in having Augustus E. Wilson the Republican candidate for Governor assigned a date for a speech at Springfield.

Monday, October 28th which will be the day fixed and there will doubtless be a record breaking crowd in town on that day to hear him. The State campaign management was compelled to cancel one of Mr. Wilson's dates elsewhere in order to get him to make Springfield as this place is regarded as an important point to make in the campaign.

His Dear Old Mother

"My dear old mother, who is now eighty-three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puffy children, too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles by Haydon & Robertson Druggists 50c.

One of the Good Old Times

The real refreshment and recreation of seeing a clean, genial, wholesome play which is also powerful and thrilling should make all theater-goers interested in the coming engagement of Fred G. Conrad's Company here in "Monte Cristo." Public favor for this superb example of the romantic melodrama is perennial; and it is gratifying because "Monte Cristo" represents all that is worthy in stage entertainment. It appears in a fascinating manner to the imagination and it feeds the hunger we all have for romance. It is a series of memorable pictures, as presented by Fred G. Conrad's Company, using the dramatization made by one of the best of Monte Cristo stars, Eugene Moore. There are five acts in the play as given by Mr. Conrad's Company. He brings an unusual quantity of special scenery.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by a inflammation of the mucous membrane of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed for ever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one hundred dollars for any case of deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Experimental Tobacco

The Carlisle Mercury was the following account of an experimental crop of tobacco that is being raised in Nicholas county: "On Friday last we visited the farm of Howe & Morris near this city, where the experiment of raising cigar wrapper tobacco under cover is being made. About one acre is within the enclosure made of slats or lattice about ten feet high, and the entire lot is covered with tobacco bottom. The tobacco grows on stalks as large as the average corn stalks and the leaves project from the stalk over five or six inches. Many of the plants are twelve feet high—none less than six or seven. The leaves begin ripening at the

bottom and gradually mature until the top is reached. The mode of gathering is different from the usual one prevailing in tobacco raising. Instead of cutting the stalk, the leaves are plucked and strung in hands which are placed in the barn as other green tobacco. It is estimated that this crop, which will amount to several thousand pounds, will cost something like two dollars and a half a pound. While Howe & Morris are cultivating the tobacco upon their farm, the cost is being paid by James Smith, of Cincinnati.

Mr. Harlan Christie suffered the loss of his entire crop of wheat and most of his rye Monday fire. While threshing, the straw took fire from the sparks from the engine and before it was discovered it was beyond control although there were twelve men at work about the machine at the time. The separator which belonged to Charlie Hill, colored, was also destroyed by the fire entailing a loss of about \$250. There was about 150 bushels of wheat and 140 bushels of rye, on the whole of which Mr. Christie had \$100 insurance. He had gone to Springfield that day to take a lot of mules and knew nothing of his loss until his return home that evening.

Out of Sight

"Out of sight, out of mind," is an old saying which applies with special force to a scro, born or wound that has been treated with Bucklen's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by Haydon & Robertson Druggist, 25c.

Is Never Warm.

Danville, Ky.—Mrs. Quintilla Earle is said to be the most remarkable woman in the United States. She lives in a house erected 100 years ago in the Rogers church locality, south of this city, in Casey county. She was born in the house in which she lives. Heat affects her just the same as cold, and in these sweltering days she sits beside a roaring, old fashion log fire, with doors and windows closed. She suffers just as much with cold on the hottest July and August days as she does during the bleak, zero days of December and January. When she takes a trip to a neighbor's house or to the county seat, she wraps up her ears and head, wears overshoes and heavy cloak. Mrs. Earle has throughout her life been so constituted and does not know what it is to be affected by heat. Her mind is clear and she remembers distinctly happenings of more than three-quarters of a century ago and is an entertaining talker. Mrs. Earle is a devoted

member of the Rogers church, but never agrees with the members on raising the windows and allowing the doors to stand open in the summer time. However, during the recent years she has become reconciled with a couple of foot warmers and a heavy cloak and a head wrap which she wears during the services. She sleeps under two blankets and three comforters and keeps a big fire going all night in her little log ceiling room.

\$100,000 State Bank.

Danville is to have a State Bank and Trust Company. It will be organized here next week with \$100,000 capital stock. It has the backing of several men of great means, one of whom alone is worth \$1,000,000, and he is deeply interested in the new concern.

An opinion has been secured upon one of the best business houses in the city and it is the intention of the parties to begin operations on the first of January next.

Considerable of the stock has been placed here and more will be sold, though there has already been enough to insure the bank.

See new concern will inaugurate here the system of paying on time deposits which will not doubt prove quite a drawing card, as this has never been in vogue here before.—Advocate

BEGINNING TO WARM UP.

Campaign Is Opened in This County By Speeches From Both Hager and Johnson.

The State and county political campaign is fairly under way in this county now. Speeches were made by representatives of both State tickets in the county last week. The Republicans have secured a candidate for Representative in the person of Mr. W. B. Barlow and thus both sides have a full ticket in the field.

On last Thursday night Hon. S. W. Hager the Democratic nominee for Governor and Hon. Ben Johnson, of Harrodsburg, spoke at the Court House in Springfield. This appointment had been extensively advertised both by posters sent throughout the county and by circular letters mailed to every Democratic voter in the county by the State campaign committee.

The greeting given these two distinguished representatives of the Democratic party was a frost. When the speaking began there was scarcely fifty people in the house. The "crowd" gradually increased however, more than a hundred of which number there was a fair sprinkling of Republicans and a several ladies.

After a short introductory speech by Mr. T. Scott Mayes Mr. Johnson began his address. He devoted the greater part of his speech to defending the acts of the last Kentucky Legislature of which he was a member and which he claimed the Republican campaign orators are attacking. Mr. Johnson dealt in details. He gave the vote on a number of bills creating new state offices and when that vote would show that any of the Republican members as having voted for the passage of the bill. Mr. Johnson would draw the conclusion that the Republicans were equally responsible for the creating of these new state offices. The most remarkable disclosure made by Mr. Johnson during the course of his remarks was his relation of how the Republicans expect to get enough votes this fall to overcome the great Democratic majority in the state. Mr. Johnson explains somewhat like this: In both the eastern and western parts of Kentucky there has been in the past two or three years a remarkable development in the coal mining interests. New mines have been opened and thousands of miners have been given employment. Now the great majority of these coal miners are negroes from other states, and many are ex-convicts from the convict camps of Alabama and other southern states. Mr. Johnson argues that ninety per cent of these negro coal miners and ex-convicts will vote the Republican ticket and consequently the Republicans will probably have enough votes to win. Mr. Johnson then proceeded to raise the cry of negro domination and equality in case the Republicans get power the state and one was

reminded of the days of the Carpet Bagger in the days of reconstruction in the South.

Mr. Hager followed Mr. Johnson as the main attraction. The Democratic candidate for Governor is a well groomed and handsome man. He has a fine stage presence and he says his speech well or "speaks his piece" well. Mr. Hager evidently gave his Springfield audience the benefit of all of his speech as he memorized it, to the introductory remarks where he refers to the "free and representative audience." The speaker devoted the greater part of his speech in giving figures as to the receipts and expenditures of the present Democratic administration as compared with the Republican administration. His conclusions were rather vague and proved only that within the past twelve years that the resources and the taxpaying facilities of the state had increased to a wonderful extent. Mr. Hager, touched lightly on temperance question.

There was a total lack of enthusiasm among the audience and no cheers and very little applause was evoked by the speakers, as an old time Democratic remarker it was very unlike a Democratic speaking in Washington county. The time was when the presence of a Democratic nominee for Governor in Springfield was the signal for a crowded house and roof raising enthusiasm.

Hard Times in Kansas.
The old days of grasshoppers and drouth are almost forgotten in the prosperous Kansas of today; although a cousin of Coddell, Earl Shamburg, has not yet forgotten a hard time he encountered. Bruner at Lebanon.
Lebanon, Ky., Sept. 28.—Dr. Ben L. Bruner, Republican candidate for Secretary of State, made a magnificent speech here this afternoon in the court house yard. His audience was larger than that of Judge Hager, yesterday, many Democrats being present, and the speaker was given the closest attention.

A stenographer took Mr. Hager's speech yesterday in which he made so many misrepresentations, and Dr. Bruner answered it in strong many terms and satisfactory to all. His argument was free from abuse and vituperation; and del' only with the plain facts and records in the case.

The speaker made a hit when he referred to the Democratic nominee's eleven planks in his so called platform. He said Hager was parading before the people in the country as a great temperance man, and had refused to put the twelfth plank in his platform, calling for temperance, in his campaign hand book. That, he said was the hole in the platform which Hager fell into when he got into the cities.

This is a local option town, but many of the temperance people have not much confidence in Hager, believing him to be a straddler on the issue, and are anxious for him to answer Gov. Bradley's question concerning voting for Tyler.

It was evident that Dr. Bruner touched many Democrats, especially the old ones, when he showed up the machine at Frankfort.

so well, and he left them thinking more seriously than they ever did before.

After the speaker had concluded several democrats shook his hand and pledged him and the entire Republican ticket their support. Marion county usually gives a democratic majority from four to five hundred, but it is conceded that it will be close when the vote is cast in November.

Thomas A. Edison, the great American inventor, says: "Fully eight per cent of the illness of mankind comes from eating improper food, or too much food; people are inclined to over-indulge themselves." This is where indigestion finds its beginning in nearly every case. The stomach can do just so much work and no more, and when you overload it, when you eat the wrong kind of food the digestive organs cannot possibly do the work demanded of them. It is at such times that the stomach needs help; it demands help, and warns you by headache, belching, sour stomach, nausea, and indigestion. You should attend to this at once by taking something that will actually do the work for the stomach. Kodol will do this. It is a combination of natural digestants and vegetable acids and contains the same juices found in a healthy stomach. It is pleasant to take. It digests what you eat. Sold by the Red Cross Drug Store.

I'll Hang My Harp on a Willow Tree

I'll hang my harp in a willow tree, I'll off to the wars again,
With a diadem on her brow,
My dear old home has no charms for me,
The battlefield's my pain.
The lady I love will soon be a bride,
With a diadem on her brow,
Oh! why did she flatter my boyish pride?
She's going to leave me now,
Oh! why did she flatter my boyish pride?
She's going to leave me now,
She took me away from my warlike lord,
And gave me a stolen suit;
I thought no more of my warrior's sword,
When I played on my master's lute.
She seemed to think me a happy lad,
Her pages of low degree.
Oh! had I but loved with a boyish love,
I would have been better for me.
Oh! had I but loved with a boyish love,
I would have been better for me.
Then I'll hide in my breast every selfish care,
I'll flush my pale cheek with wine;
And if I survive, I'll mount my steed,
And I'll off to the wars again.
But one golden tress of her hair I'll twine
In my helmet's ample plume,
And then on the field of Palestine,
I'll seek an early doom.
And if by the Saracen's hand I fall,
Mid the noble and the brave,
A tear from my lady love is all
I ask for the warrior's grave.

Much like the case of William Sullivan and two other young men who entered the store in the East End, recently with intent to steal while on a lark, is that of Manco Gootee, a thirty-year-old young white man, of Lebanon, Ky., who while under the influence of liquor two weeks ago is said to have robbed a house in his home town, and had done that until last night been a fugitive from justice.

BRUNER AT WILLISBURG.

Republican Meeting at Willisburg at Which Bruner, Jarvis and Barlow Speak.

On last Friday afternoon, Dr. Ben L. Bruner the Republican candidate for Secretary of State was announced to speak at Willisburg. There was some confusion regarding the date as the day of speaking had first been announced for Saturday but was later changed to Friday. Owing to this fact there was only a small crowd of citizens present, but what they lacked in number was made up in enthusiasm.

The meeting was called to order by county chairman, W. F. Grigley, who introduced the speakers Mr. W. B. Barlow, who is to be the Republican nominee for Representative in the lower house of the Kentucky Legislature, made a few remarks in which he announced that after being importuned by many friends throughout the county he had determined to enter the contest and would accept the honor of being the Republican nominee and would make the race and use his best efforts to win.

Mr. Barlow's announcement was received with enthusiasm and at the close of the meeting he received many assurances of support. Mr. G. T. Jarvis, the republican nominee for State Senator from this district also made a short talk announcing his candidacy and soliciting the support of the voters of Washington county.

Dr. Bruner spoke for over an hour and his remarks were frequently interrupted by applause. Dr. Bruner is a forceful speaker and is full of his subject. His arraignment of the Democratic machine and its methods was one of the most severe ever heard in the county. He says Beckham and his crowd should no longer be known as Democrats that "Machinocracy" would be a much more suitable name for them. Dr. Bruner said that Republican victory in Kentucky at the coming election is assured and that it is only now a question of how big will be the majority.

He says that he has made speeches all over the Tenth Congressional district as well as other points and at all places he finds the greatest enthusiasm for Augustus E. Wilson and the ticket. He says that it will be a people's victory.

Gets Arrested.
Much like the case of William Sullivan and two other young men who entered the store in the East End, recently with intent to steal while on a lark, is that of Manco Gootee, a thirty-year-old young white man, of Lebanon, Ky., who while under the influence of liquor two weeks ago is said to have robbed a house in his home town, and had done that until last night been a fugitive from justice.

Of a good family and surrounded with every luxury, Gootee, was well known in Lebanon. He and a companion one night while intoxicated, allegedly to have entered a residence and robbed the home. When coming to his sense Gootee fled, but the other man was caught. His companion turned State's evidence, and since then Gootee has been hounded wherever he went.

Yesterday the Detective Department received information from Lebanon that Gootee was in Louisville and a bench warrant from the Circuit Court there was forwarded, as he had been indicted. Detective Conley and Brown investigated the case and found that he had been employed at Abrams & Ott Standard Sanitary Manufacturing plant. They knew that he would come for his pay envelope yesterday afternoon, and accordingly went out there and lay in hiding until he should appear.

When he came they arrested him with the warrant charging him with being a fugitive from justice.—Louisville Herald.

Death of Dr. Converse

The sudden death of the Rev.
Francis Bartlett Converse, D.
D., removes from the intellectual
and religious life of Louisville a
man who will be sadly missed.
His loss will not be felt by this
community alone, but by the
whole country, throughout
which he exercised a splendid
influence for good by means of
his writings and work in the
pulpit.

For half a century Dr. Con-
verse had been connected with
the Christian Observer, and his
reputable and vigorous pen had
done valiant service for the
cause of righteousness. Death
came to him while yet in the
midst of his work, and found
him with an editorial unfinished,
which, like a voice from across
the grave, will yet be heard
speaking for the fair name and

good reputation of the city he
loved, and in which he so devo-
tedly labored. It was a fitting
end to a life that had been so
fruitful in usefulness.

Dr. Converse came of a family
greatly gifted in literary ability
and with a record for active in-
terest in all that was good. He
worthily maintained its tradi-
tions, being himself a man rich
in talent and of varied erudite
accomplishment. In the be-
reavement that has so suddenly
come to his family it will have
the deepest sympathy of all to
whom his name was known—

A Discouraged Scholar.
When little Arabella Krupp first started
to school
she found it very difficult to follow every
rule.
Of course, she tried her very best that
teacher should not frown.
And when she was asked to give when
teacher said, "sit down."
But the next thing she said to her
was, "Little girl, sit up."
Which greatly discouraged little Arabella
Krupp.

THEATRE, TALK NO. 4.

People who want to improve the theatre should go to the
theatre. THE DEMAND CREATES THE SUPPLY, but no amount
of supply will create a demand.

THERE WILL BE GOOD PLAYS
AND BAD PLAYS ACCORDING
TO AUDIENCES ATTENDING.

The play should teach the ethics
of life by example. IT CAN
AND IT DOES. It appeals to our better instincts and our ideals.
The cry today is that the play is not what it should be. Just how
great it shall be rests primarily with the public that can come or stay
away. IF IT ALLOWS THE STAGE TO BE RULED BY THE
VULGAR AND THE LICENTIOUS IT WILL GET THAT KIND OF
PLAYS. There's no need to say much about "Monte Cristo" which
will be presented here soon.

The Dumas play has been before the public for over seventy
years. Its admirers will flock to the theatre just as they have
always done in the past. And with good reason, for "Monte Cristo"
is one of the "bully" good plays.

In the presentation in this city of "Monte Cristo" every depart-
ment as it will be presented here will be completely transformed.
LADIES AND GENTLEMEN OF KNOWN ABILITY WILL COMPOSE
THE CAST. The atmosphere of the play will be set to magnificent

scenery. Let us in passing, however, say a few words regarding the
manner of production as the management have been to considerable
expense in the elaboration of the mounting. THE FIRST ACT
SHOWS THE PORT OF MARSEILLES. The second act displays the
Chateau d'If; the fortress prison on the sea's edge. The third act is
the storm scene and it is made impressively attractive. THE
FOURTH ACT IS THE HOTEL DE MOREL, consisting of the
ball room and conservatory, which embodies an artistic combination
of beautiful colors. The last act is a glade in the Forest of Fontaine-
bleau in which the famous duel occurs. These scenes are carried and
used in every town and city.

No matter what may be your taste for the drama, you will enjoy
seeing "Monte Cristo." IF YOU CARE FOR A GOOD PLAY

PRESENTED WITH ALL THE
PROPER ACCESSORIES and so
admirably played that it will
give you an evening of thorough
enjoyment, you'll not be dis-
appointed in the production
given by this company. USUAL PRICES WILL PREVAIL. "YOUR

There's Exceptional Style in this "Yale" Suit for Young Men

IT'S another of the Ederheimer-Stein garments we've
selected to demonstrate in every sale we make that this
is, in fact, a superior clothing store.

The Yale is the smartest Young Man's style—striking
in the weave and rich colors of the fabrics—combines
good taste, service, satisfaction—lends
the air of true refinement—is fashionable
without being fancy.

The young fellow who exercises com-
mon sense and good judgment in the
selection of this style, cannot be com-
monplace. It's a suit for college
men or any others who are partic-
ular. Let us show it
to you.

Superior tailoring reaches
its climax in the Yale. Each
garment is made separately
throughout. Trimmings and
fabrics all match. Every
operation of the tailor con-
tributes to make it distinc-
tive, individual.

THE "YALE"—Cost is long
and full chested; cuffs on sleeves; open
seams down back of coat and sides
of trousers. Trousers full at waist.
Sizes 30 to 38. Prices \$15 to \$35.

character was transacted. The
court adjourned to meet again
on the 25th at which time a set-
tlement with the sheriff will be

The total number registered was

A somewhat amusing story is
told on one of our farmer friends.
The farmer has an old colored
man working on his place. The
other day he, showing the old
negro how since the saloons have
been closed he benefited;
telling him that now he could go
to town on Saturday and instead
of spending his time for a drink
he could buy a pair of socks;
then the following Saturday he
could go back and again buy a
pair of socks for the dime he
would squander for booze; when
the old negro exclaimed: "Good
God boss don't you think I want
something besides socks."

The first of the series of en-
tertainments to be given by the
Springfield Lecture Bureau took
place at the Opera House on last
Friday evening with the appear-
ance of the Whitney Bro. Quar-
tette. The entertainment fur-
nished by this company was by
far the best of its kind ever
seen in Springfield. The music
furnished by them is of a high
order and their musical and per-
fectly trained voices had a pleas-
ing effect. If the remainder of
the course is up to the standard
set by the first, the series is de-
serving of good patronage from
the Springfield people.

Legs Broken.
Two peculiar accidents with
similar causes and similar re-
sults occurred in the county last
week and as a consequence two
men are each pursuing a broken
leg. On last Thursday Alex
Webb was engaged in operating
a hay baler on the farm of
Judge I. H. Thurman. The
part Alex was to perform was
to "feed" the machine by pitch-
ing the hay into its mouth. The
young man however adopted a
new method of feeding and de-
cided to use his feet with the
result that one of his legs was
caught and broken just above

Death of John Nally.
Mr. John Nally a well known
citizen and veteran of the Union
army died at his home in the
St. Rose neighborhood Tuesday
night after a long illness of
consumption. The deceased
was 68 years of age and was
born and reared in this county.
He served through the civil war
and had an honorable record.
He was a member of the
Tenth Kentucky regiment which
was commanded by Col. W. H.
Bays and took part in many of
the important battles of the war.
He was a member of the Bevil
Palmer Post, G. A. R., and al-
ways took an interest in the af-
fairs of that organization. Mr.
Nally was married twice, his
last wife, who was Miss Kate
McClum, surviving. He also
leaves three children by his first
wife who are, Mr. Roy Nally,
of Louisville, Warren Nally, of
this county, and a daughter.
There was not a better man nor
one who was more generally
respected in the county than
John Nally. He was modest,
